An ISO Certified Company

About Us

Joint Gulf Business (JGB) Corp is an ISO Certified Company, specialized in the supply of Engineered Industrial Products in HVAC, Electro-Mechanical, Oil & Gas, Insulation, Water and other Industrial segments. Through the Head Office in the Kingdom of Bahrain and branch offices in Saudi Arabia, UAE, Qatar, Oman, Kuwait, India, USA and Canada, we provide Engineered Industrial solutions from internationally reputed manufacturers to the MENA region.

The prime business objective is to provide customers with superior quality products coupled with excellent Customer service & Technical support, adding value to their business. Our product line includes Kitchen Ecology units, Chemical Filtration Systems, Odor Control Systems, Humidifiers, Industrial & Commercial Ventilation Fans, Jet Fans, Air Curtains, Air Ionization Solutions, Duct Heaters, VAV/CAV, Air outlets, VCD/Fire & Smoke Dampers, Explosion proof HVAC equipment, Air Venturi Valves, Heat Exchangers, Air Separator, Expansion Tanks, Fume Extraction Systems, Smoke Vents/Skylights, Blast Protection Valves/Dampers, Boilers, Cooling Towers, Flexible Ducts, Electrical & Instrumentation, Inertial Filters/Bleed fans, Industrial Valves, Air Handling Units, Fan Coil Units, Pipe Supports, Seismic Vibration Isolators, Industrial Insulation & Accessories, Aluminum Jacketing, Water treatment, Industrial light fixtures etc.

The company has the expertise and ability to supply products for major projects. The engineering and support staff brings you a broad base of scientific and technical knowledge to draw on with years of practical experience in the related products.

We are committed to quality products, excellent technical support, fast deliveries and reliable after sales service.

Vision

To be internationally renowned customer focused company offering comprehensive solutions and quality products

Mission

Serve customers by procuring and supplying quality products manufactured by internationally reputed manufacturers

Corporate Values

- *Customer satisfaction & loyalty Employee dignity*
- *Organizational & individual growth*
- *Technical excellence with professional ethics*
- *Responsibility to society*

Industries

- *MEP / HVAC Construction*
- *Oil & Gas*
- *Petrochemical*
- *Chemical*
- *Pharmaceutical*
- *Power*
- *Water*
- *Food & Beverage*

Product Range

- *MEP / HVAC Equipment & Accessories*
- *Oil & Gas Field Products*
- *Electrical Products*
- *Instrumentation Products*
- *Water & Industrial Equipment*
- *Industrial Insulation & Accessories*

PureAir Filtration

Pure Air Filtration(USA) specializes in custom design solutions for a wide range of vapour phase air purification and contaminant control applications. Proven Technology is developed and applied by PureAir in order to provide efficient, cost effective systems.

Kitchen Ecology Unit removes commercial kitchen gases rather than masking the odors or spraying additional chemicals to complicate and harm the environment.

Product List

- ✓ *KITCHEN ECOLOGY UNIT*
- ✓ *ODOR CONTROL UNIT*
- ✓ *CHEMICAL FILTERS*

driSteem

DriSteem (USA) is a premier provider of humidification, evaporative cooling, and water treatment solutions for commercial and industrial applications. DriSteem offers custom systems for critical indoor environments such as health care, data centers, and other facilities requiring precise control of moisture and cooling in the air.

DriSteem's 50-year history of development and innovation has resulted in multiple patented designs that not only meet, but anticipate, customers' unique needs

Product List

- ✓ *Electric Resistive-Element Steam Humidifiers*
- ✓ *Self-Contained- Electro type Steam Humidifiers*
- ✓ *Non- Pressurized and Pressurized Steam Dispersion*
- ✓ *Steam Injection type Humidifiers for AHU's*

Fulton®

FULTON (USA) is a global manufacturer specialized in custom engineered industrial and commercial heating systems featuring steam boilers, hot water and hydronic boilers, thermal fluid (hot oil) heaters, temperature control units and a full range of ancillary equipment.

Product List

- ✓ *Steam Boilers*
- ✓ *Commercial Heating Products*
- ✓ *Thermal Fluid Products*
- ✓ *Ancillary Equipments*
- ✓ *Engineered System*

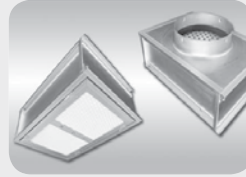

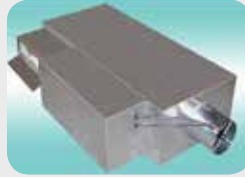

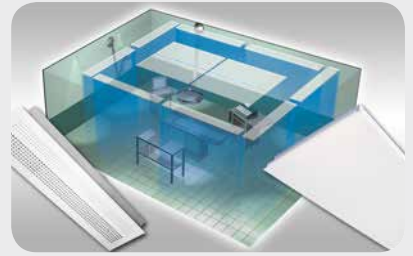

ANEMOSTAT (USA) Air Distribution Products provide complete range of VAV / CAV, Diffusers, Registers, Security Grilles, Critical Environmental Products for Operation Rooms etc. For those special needs, we also provide products customized to fit all needs. Products are available in Steel, Aluminum, Extruded Aluminum and Stainless Steel.

Product List

- ✓ Variable Air Volume (VAV) & Constant Air Volume (CAV) UNITS
- ✓ AIR OUTLETS
- ✓ SECURITY GRILLES
- ✓ CRITICAL ENVIRONMENTAL PRODUCTS (OPERATION ROOMS)

2VV is a leading manufacturer of air curtains and a wide range of ventilation products, in Czech Republic. The company was founded in 1995 and its manufacturing program is gradually growing, together with its financial resources. To be able to fulfil the highest requirements of customers, a team of highly skilled professionals are employed who utilize perfect technical facilities and the most modern production technology.

Product List

- ✓ AIR CURTAINS
- ✓ VENTILATION UNITS
- ✓ HEAT RECOVERY UNITS

EUROMATE (Netherlands) offer high-quality aircleaner that effectively remove a broad range of pollutants in the environment around you. Over 40 years of experience, expertise and service orientation allow us to provide effective air cleaning solutions for you. Please contact us with your problem concerning indoor air and we will get back to you as quickly as possible. The Smoke 'n Go smoking cabin is flexible in size and equipped to fit regular smoking intensities in any private or public building. It removes unpleasant odours and tobacco smoke as well as improves the general indoor air quality.

Product List

- ✓ Industrial Air Cleaner
- ✓ Smoking Cabins and Filters
- ✓ Kitchen Filtration Units

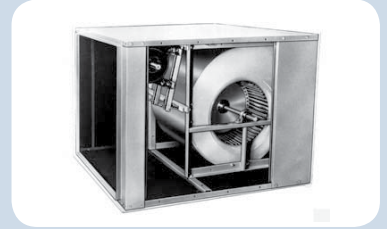

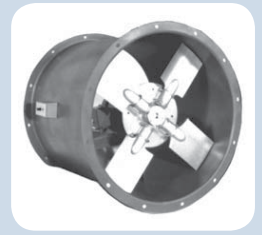

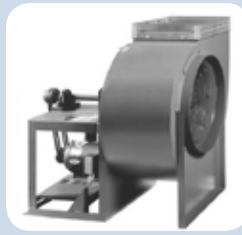

CARNES®

CARNES (USA) INDUSTRIAL & COMMERCIAL VENTILATION:

Our complete line of ventilation equipment is engineered and manufactured for the demanding commercial and light industrial market. Optional product listings by Underwriters Laboratories (UL) are available to ensure electrical safety and reliability.

Most of the ventilators bear the Air Movement and Control Association (AMCA) certified ratings seal for sound levels and air performance.

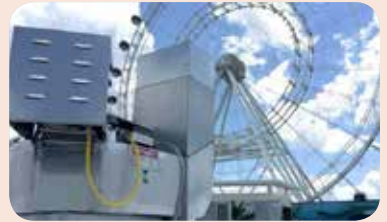

Product List

- ✓ General Ventilation Fans
- ✓ Industrial Ventilation Fans
- ✓ Kitchen Ventilation Fans

CAPTIVEAIRE®

CaptiveAire® (USA) is leading manufacturer of commercial kitchen ventilation systems. As the industry's innovator, CaptiveAire® sets the standard for commercial kitchen ventilation equipment and service, and offers the most competitive pricing. CaptiveAire® is also known for the fastest and most reliable lead times in the industry.

CaptiveAire's integrated kitchen ventilation packages include hoods, exhaust fans, electrical controls, direct-fired heaters, grease duct systems, fire suppression systems, grease filters and utility distribution systems.

Product List

- ✓ VENTILATION FANS
- ✓ KITCHEN HOOD SUPPRESSION SYSTEM

CAR PARK, TUNNEL & SMOKE FANS

We can offer you right products for wide range of applications including Smoke Extract, Car Park Extract and Tunnel Ventilation. We have a range of axial flow fans and jet fans specifically designed for tunnel and metro applications. Their features include high efficiency, low noise, durability, high reliability and low maintenance.

Product List

- ✓ Ventilation systems for car parks and Tunnel
- ✓ Axial Smoke Fans

TUTCO(USA) is a manufacturer, custom designing and creating products that are highly reliable and that help our customers get to market faster. Whether it is solving a problem with an existing product, adding new features, or inventing a new heating component, Tutco's depth of experience and technology is unparalleled. Innovation is not just a word to TUTCO- it's how we do business, one customer at a time.

Product List

- ✓ *Duct Heaters*
- ✓ *Open Coil Heaters*
- ✓ *Tubular Heaters*
- ✓ *VAV Heaters*

Odour control technics based on

- ✓ *Passive units: suitable for small manholes, air valves*
- ✓ *Activated carbon system with many options: dual fans, automated regeneration, water regenerable carbon (no chemicals), prefilter,...*
- ✓ *Chemical scrubbers: compact system for high flows and high H2S-concentrations*
- ✓ *Biotrickling filter: biological treatment of the air, no chemicals required, reduces high H2S loads*

IPEC NV is a Belgian private-owned company, part of the Trevi-group. We design and manufacture odour control units and gas purifications units for a very wide variety of applications such as pumping stations, waste water treatment plants, oil&gas, agriculture, food industry and many more. We are strongly represented in Middle East with a production facility in Abu Dhabi and a well-trained service team. We have over more than 500 references in the region: from small passive units with activated carbon technology upto chemical scrubbers with a flow of 300 000 m³/h. It is our goal to serve the client with the best available techniques and developed therefor different new techniques such as biological air treatment to obtain odour treatment without the use of chemicals or water regenerable carbon that can regenerated by water (no chemicals required)

Blast Valves Blast Dampers Air tight dampers

Our products offering ranges with high safety performance, high functional performance and competitive pricing. Our safety products have been serving the global customers including ExxonMobil, BP, Qatar Petroleum, KOC, BASF, Petronas, etc.

INERTIAL FILTERS & BLEED FANS

INERTIAL SEPARATORS This special type of self cleaning filter is normally used to separate highly concentrated dust particles from the atmosphere. It is mainly used as pre filter in desert areas on gas turbines, centrifugal compressors, big engines, air conditioning and ventilation systems etc. Usually the inertial cells are manufactured in COR-TEN steel, for critical applications AISI304 or SS316 is available.

Product List

- ✓ *Inertial Separators (Filters) & Bleed fans*
- ✓ *Cyclone Filters*
- ✓ *Bag and Rigid Pockets Filters*
- ✓ *Nuclear Decommissioning Filters*
- ✓ *Rotary Screen Viscous Filters*
- ✓ *Electrostatic Filters*

Bifold(UK) are leaders in the design and manufacture of hydraulic and pneumatic stainless steel directional control valves and accessories for hazardous, corrosive and subsea environments. Enhanced by a lean and integrated manufacturing policy, alongside a unique business model, Bifold Group has provided peace of mind to contractors, installers and end users for over a century. Their innovative range of high-tech valve and pump products and accessories for the upstream and downstream oil

Product List

- ✓ *Manifold systems*
- ✓ *Quick Exhaust Valves*
- ✓ *Check Valves & Needle Valves*
- ✓ *Solenoid Valves*
- ✓ *Chemical Injection Pumps*

and gas industries, specifically designed and developed with the customer in mind, have gained worldwide approval and credibility for the onerous conditions as found in hazardous (classified) locations, hostile and subsea environments.

Elbi of America, Inc. Founded in 1990, is an innovative manufacturing company, backed by the extensive experience of our parent company, Elbi S.p.A.. Our Houston facility is fully stocked to meet the strong demand for our residential and commercial products.

Product List

- ✓ *ASME Thermal Expansion tanks*
- ✓ *ASME Tangential Air Separator*
- ✓ *ASME Storage tanks*
- ✓ *Chemical Bypass Feeders*
- ✓ *Hydro pneumatic Tanks*
- ✓ *Triple duty vales*
- ✓ *ASME Horizontal flash tanks Etc..*

MANUFACTURING CO., INC.

Lawler Manufacturing Company, Inc., (USA) established in 1988, manufactures one of the deepest and most time-tested thermostatic mixing valve lines in North America. The company's sole focus is the safe and comfortable blending of hot and cold water to meet the needs of the industrial plumbing industry and its customers.

Valves are available in a variety of finishes, piping configurations and cabinet designs to meet your requirements.

Product List

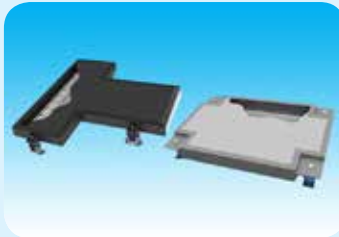

- ✓ Thermostatic Mixing Valves
- ✓ Emergency Valves
- ✓ Shower Valves

Starline Enterprises is one of the renowned Manufacturers, Exporters and Suppliers offering a wide range of Split Clamps and Vibration Control Products. The quality products offered by us comprises Mild Steel U Bolt, Riser Clamp, Sprinkler Clamp, U Strap Clamp, Adjustable Clevis Hanger, Rubber Support Insert , Anti Vibration Spring Hangers, Anti Vibration Spring Mounts, Anti Vibration Rubber Pads, etc. Besides, all the products are tested for their compliance with the international standards that ultimately bring in repeated orders for the company.

Product List

- ✓ Pipe Support Hardware
- ✓ Vibration Control Products

SUPAFLEX Flexible ducts are designed for use in Industrial, commercial and residential building applications where improved air quality is required. Supaflex flexible ducts provides economical means for handling misalignment between system components and ducting around obstacles where fabricated and fitted ducts are difficult and costly to install.

Supaflex is extremely durable, fully flexible, compressible and will maintain dimensional stability and insulation values when fully extended.

Product List

- ✓ Insulated Flexible duct
- ✓ Uninsulated Flexible duct

J C Cooling (UAE) is a leading manufacturer of high quality Fire & safety (UL Classified), Air and Sound control products that includes Fire dampers, Combination Fire and Smoke dampers, Variable Air volume control, Volume Control Dampers, Ducts, Air outlets, louvers, Sound attenuators & Acoustic louvers. J C Cooling products can be used in all types of buildings commercial, institutional and industrial for all types of applications light duty, medium duty & heavy duty for comfortness in building

Our Fire and Safety products are tested, Certified and classified by "UNDERWRITERS LABORATORIES" popularly known as UL on UL 555 & UL 555S standards for fire and safety applications.

Product List

- ✓ **UL Listed Fire dampers & Smoke dampers**
- ✓ **Volume dampers**
- ✓ **Sound attenuators**
- ✓ **Grills, Diffusers & registers**
- ✓ **VAV Boxes**

For the past 100 years, established in 1918 head quarter in Fukuyama Hiroshima Japan, TERAL has been the specialist manufacturer for Pumps, Fans, & Motors. We have made steady advances in a variety of fields and have focused on the environment as a group of specialists involved in working with air and water. From a variety of pumps and fans to large scale water processing and greenery introduction systems, every single part of our products is based on our reliable technologies and corporate philosophy of protecting comfortable environments through high efficiency, low resource and energy usage, reduction of waste and other measures.

Product List

- ✓ **Chilled Water Pumps**
- ✓ **Water Supply Pumps**
- ✓ **Multistage Pumps**
- ✓ **Oil Pumps**
- ✓ **Submersible Pumps**
- ✓ **Drainage & Sewage Pumps**
- ✓ **Fire Fighting Pumps**
- ✓ **Coolant Pumps**

Thinking solutions.

The reflex brand name is well known in Europe and throughout the world as a major leader in pressure control technology for Chilled Water, Potable Water and Heating applications. Reflex Winkelmann GmbH having its headquarters in the Westfalian city of Ahlen – Germany is not only a recognized leader in expansion vessels but also a significant manufacturer of advanced system solutions such as compressor and pump-controlled pressurization systems automatic air separation systems and hot water heaters.

Reflex has achieved its significant global growth today thanks to the unique combination of its world class manufacturing skills, dedication to high product quality at an affordable price and its commitment to continuous technical training of its people, our most precious resource.

Product List

- ✓ **Pump Controlled Pressurization Systems**
- ✓ **Automatic Air Separation System**
- ✓ **Expansion Vessels**
- ✓ **Air Separators**
- ✓ **Water Heaters**

SKYCO

SKYLIGHTS

SKYCO (USA) Skylights and Smoke Vents understands the demanding energy performance requirements found in the latest Energy Codes and offers a wide range of high-performance products to insure that the code requirements are met, or in most cases exceeded, all achieved with a superior level of quality.

Your expectations for top quality skylight products is the driving force behind everything we do, and our products clearly demonstrate that commitment to our customers.

Product List

- ✓ Heat and Smoke Vents
- ✓ Commercial Industrial Skylights
- ✓ Residential Skylights
- ✓ Custom Structural Skylights
- ✓ Canopy Structures
- ✓ SkyGlaze Translucent Systems
- ✓ Roof Hatches and Accessories
- ✓ Safety Security Products
- ✓ BIPV Systems Photovoltaics
- ✓ Tubular Skylights

Custom Controls Company (USA) has been providing Hazardous Location and Explosion Proof HVAC equipment for industry since the 1960's having production facility in Houston, TX.

CCC offers a full complement of customized and Third Party Listed HVAC solutions for both the U.S. National Electric Code (NEC) market and International (IEC standards) market. Our NEC Division One, Division Two and IEC Zone 2 HVAC (ATEX) product lines include:

Product List

- ✓ Wall Mount Air Conditioners
- ✓ Window Units (Through-the-Wall Air Conditioners)
- ✓ Building Pressurization Units
- ✓ Hazardous Duty and Explosion Proof Exhaust Fans
- ✓ Purge Blowers
- ✓ Packaged Air Conditioners - for Pad or Roof Mounting
- ✓ Explosion Proof Heaters
- ✓ Refrigeration Units
- ✓ Dehumidifiers
- ✓ Split Systems
- ✓ Explosion Proof Fans

wilo

Wilo is a premium manufacturer of Pumps for building services, water management and industrial applications. We offer outstanding products, system solutions and services. Founded in Dortmund-Germany in 1872 as a factory for copper and brass goods, Wilo has evolved from being a local specialist to a global player in the course of its long and successful history.

We are well-acquainted with questions that will shape our future and we develop technologies that provide answers.

Product List

- ✓ Horizontal pumps
- ✓ Chilled water pumps
- ✓ Submersible pumps
- ✓ Potable water pumps
- ✓ Booster sets
- ✓ Pressurization units

Western Valve, Inc.(USA) takes great pride in its ability to produce the industries highest quality valve. We continue to upgrade and improve our facilities with state of the art manufacturing equipment. This allows us to continue providing our customers with the best valves on the market, while still providing competitive prices and delivery times.

Product List

- ✓ Double Block & Bleed
- ✓ Double Isolation & Bleed Valve
- ✓ Pipeline Manifolds & Terminals
- ✓ Commercial Aviation & Military Fueling
- ✓ Propane, Butane, and LPG Valves

ABO valve

ABO valves (Czech Republic) is currently one of the largest European manufacturers of shut-off and control valves for industrial applications. We produce butterfly valves for general and industrial applications including double and triple offset, knife gate and safety valves for the most demanding conditions.

Product List

- ✓ Concentric Butterfly Valves
- ✓ High Perf. Butterfly Valves
- ✓ Check Valves
- ✓ Knife Gate Valves
- ✓ Ball Valves
- ✓ Ball Check Valves

Global Plasma Solutions (GPS), USA Ionization air purification technology Specializes in providing intelligent, energy reducing air purification systems for indoor building environments. The GPS-I Clean is the world's first self-cleaning, no maintenance, needlepoint bipolar ionization (BPI) generator. The unit has been designed for indoor / outdoor duct mounting or inside an air handler based on the application requirements. GPS has passed the "UL867 post 2007 Peak Ozone

Chamber Test". GPS smart systems can integrate state of art, custom volatile organic compound (VOC) sensors & cutting-edge air ion sensors which Product List Ducted Mounted Type Ion Generators Air Handler Mounted Type Ion Generators Sensors can interface with current Building Management Systems (BMS) to provide full control & measurable performance to substantially improve and purify the air we breathe where we live and work.

Product List

- ✓ Residential
- ✓ Commercial
- ✓ Marine
- ✓ Industrial
- ✓ Air Handlers

Venturi Valve Fume Hood Controllers Room Pressure Controller

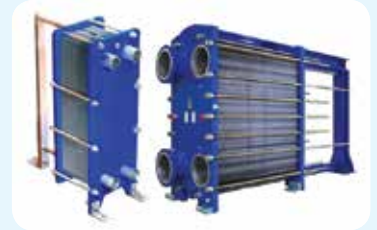

We provide innovative airflow solutions for critical environments with end-to-end solutions for healthcare facilities, laboratories, and municipal facilities around the world.

Our product line includes Venturi air valves, room pressure controllers, fume hood controllers, remote monitors, sensors, actuators, and more all designed to seamlessly integrate into a facility's building automation system.

Heat Exchanger Products

We provide heat exchangers to the HVAC, hydronic, power generation, district energy, oil & gas, refrigeration, cryogenic, food & beverage, pharmaceutical, marine, and many other industries. We offer a wide variety of heat exchangers from standard plate & Frame, brazed plate, and shell & tube units to high temperature, high pressure, chemically resistant, and custom units.

- ✓ *A-Line plate & frame heat exchangers*
- ✓ *B-Line shell & tube heat exchangers*
- ✓ *E-Line condensing economizers*
- ✓ *JAD shell & coil heat exchangers*
- ✓ *L-Line brazed plate heat exchangers*
- ✓ *M-Line shell & tube heat exchangers*
- ✓ *P-Line shell & tube heat exchangers*
- ✓ *PS/PW-Line shell & U-tube heat exchangers*
- ✓ *REX Tank instantaneous indirect water heaters*
- ✓ *TW-Line shell & tube heat exchangers*

AAON Heating and Cooling Products

AAON is a world leader in creating comfortable and healthy indoor environments, efficiently, through the manufacture of Premium Heavy Duty HVAC equipment. AAON is engaged in the engineering, manufacturing, marketing and sale of custom HVAC units for commercial use.

AAON Inc. was founded in 1988 in USA with the acquisition of the heating and air conditioning division of the John Zink Company. AAON is a leading company that into a bright green future, committed to provide cost effective and energy efficient products. Our knowledgeable independent manufacturing can help to select the right equipment to meet your needs whether they are heating, cooling, dehumidification, air movement, energy recovery or a number of other special HVAC needs.

Product List

- ✓ *Packaged Rooftop Units*
- ✓ *Air Handling Units*
- ✓ *Chillers*
- ✓ *Condensers & Condensing Units*
- ✓ *Self-Contained Units*
- ✓ *Heat Pumps*
- ✓ *Swimming Pool Units*

MESAN is engaged in designing and manufacturing cooling towers for the industrial, refrigeration and HVAC markets. We provide optimum cooling to every application. MESAN products are designed to meet the thermal performance, energy saving, environmental friendliness with best performing, proven and innovative solutions.

Product List

✓ *Cooling Tower*

SEAT VENTILATION (FRANCE)

with nearly 50 years of experience in the field of laboratory fume extraction systems, SEAT VENTILATION, has become one of the few leading manufacturers of polypropylene fans in the world.

Our products are corrosion-resistant polypropylene fans and blowers, but also airflow monitors and controls for laboratory fume cupboards.

Our areas of application are: *laboratories, chemical industry, electronics, hospitals...*

DOW /FILMTEC™ Water Filtration Membranes Brackish Water RO Elements provide consistently high performance and enhanced element life when treating difficult industrial water, enabling lower energy usage and reduced costs.

Compared to other filtration technologies that rely on a screen or filter to remove particles, Reverse Osmosis (RO) and Nano filtration (NF) are pressure-driven separation processes that employ a semi-permeable membrane and the principles of cross-flow filtration.

Product List

- ✓ *High-Solids Filtration*
- ✓ *Ultra Filtration*
- ✓ *Reverse Osmosis & Nanofiltration*
- ✓ *Ion Exchange Resins*
- ✓ *Electrodeionization*

Water filtration Products

We provide products from the world leaders in filtration, giving solutions to optimization of the quality of water in industrial, agricultural and urban applications. we have a comprehensive line of exceptionally efficient automatic self-cleaning water filters that rely on our advanced screen and disc technologies.

Areas of Expertise:

- ✔ Automatic and Semi-automatic filters
- ✔ Screen filters
- ✔ Disc filters for irrigation water

U.S. BELLOWS, INC.® EXPANSION JOINTS

U.S. Bellows, Inc. has been designing and manufacturing engineered pipe expansion joints for the industry since the 1960s. Today, U.S. Bellows consists of manufacturing resources of RM Engineered Products of Ladson, SC (acquired in 1995) and Ketema - U.S. Bellows, Inc. of San Diego, California (acquired in 1997).

Product List

- ✔ Metallic Expansion Joint
- ✔ Fabric Expansion Joints
- ✔ Rubber Bellows
- ✔ Universal Expansion Joints

Kent Smoke and Fire Curtains

KENT smoke and fire curtains is a British owned company having it's manufacturing plant in the heart of middle east, Dubai-UAE. *KENT* is the sole manufacturer in the GCC providing fire safety solutions with dexterous work and quality product serving across the world. We expertise in the production of automatic fire curtain, automatic smoke curtain and draft curtain under both UL and BS EN standards.

With facility spreading across 3780 square meter area having advanced technology and agile team, *KENT* is armed to cater the growing demands for active and passive design fire solutions in the dynamic construction landscape existing in the GCC market and across the globe. *KENT* has the ability to provide bespoke solutions in line with modern day architectural designs.

Fuel Filling System

We Provide Fuel Supply components and systems active control for delivery, storage, transfer and management of fuel.

Fuel Supply Systems include a full line of industrial equipment designed specifically for the delivery, filtering, monitoring and storing of fuel.

Product List

- ✔ Tank Filling Systems
- ✔ Fuel Pump Sets
- ✔ Filtration Systems
- ✔ Control and Monitoring
- ✔ Mission Critical
- ✔ Fuel Tanks

INDUSTRIAL INSULATION AND ACCESSORIES

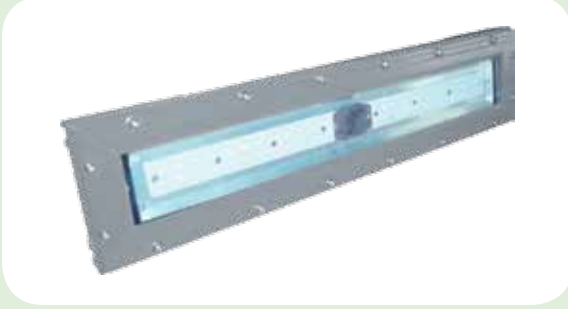

We supply wide range of Industrial Insulation Products and related Accessories from reputed manufacturers to Oil & Gas, HVAC & other Industries.

Product List

- ✔ Calcium Silicate
- ✔ Perlite Insulation
- ✔ Phenolic Insulation
- ✔ Polyurethane Insulation
- ✔ Rockwool Insulation
- ✔ Ceramic Fiber
- ✔ Cellular Glass
- ✔ Rubber Insulation
- ✔ Insulation Adhesive
- ✔ Sealants
- ✔ Aluminum Jacketing with Polysurlyn / Polykraft moisture barrier
- ✔ Stainless Steel Jacketing
- ✔ Aluminum and SS corrugated Jacketing
- ✔ Stainless Steel insulation accessories

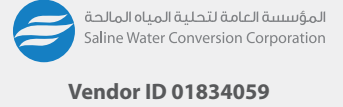

Explosion Proof / Industrial Light fixtures (UL Listed)
